

## HE IS P. B. PLUMB II

## ASTOUNDING ACTIVITY OF THE DELEGATE FROM OKLAHOMA.

His Record When Summed up Shows That He Has Done More in Congress for His People Than Any State Delegation in the Country—And This Too When He Has No Vote and No Assistance—What Some of the Bills are That He Has Passed Through the Legislative Hopper of the Washington Mill.

Guthrie, O. T., Aug. 25.—Something is taking place in Oklahoma which cannot be taken anywhere else in the United States. There are papers here which are supporting Bryan and Sewall and the Republican candidate for congress. There is a reason for this in Oklahoma's case and it is because the Republican candidate for congress is Dennis Flynn, and because Dennis Flynn is the most wonderful bundle of activity and energy in the west and because his partisanship is not obnoxious and never will be.

There has been issued here a pamphlet showing what Flynn has done for Oklahoma in congress. It is a most astounding record. There is not a state delegation in the east or west who can show a record to compare with it. And yet Flynn accomplished it all without a vote.

The pamphlet proves the nickname which has been put on Flynn: Plumb the Second. Not since the days of the Kansas Plumb has Washington seen such a worker.

Here is Flynn's record:

## BOTH HOUSES.

The following bills passed both houses:

1. Bill giving settlers in the Cheyenne and Arapahoe country an extension of twelve months in which to make payment on their lands, and also the right of commutation.

2. Bill allowing settlers in Beaver county the right to commute homestead entries.

3. Bill authorizing settlers on the Deep Fork to fill out their claims to 160 acres.

4. Bill authorizing the people in the Cherokee strip to vote.

5. Bill allowing settlers on the Potawatomi lands twelve months extension on the payment for their lands, and the right to commute.

6. Bill donating sections thirteen and thirty-three to the Territory.

7. Bill delegating the power of the Oklahoma legislature to provide a system for the leasing of school lands, and transferring the business from the secretary of the interior at Washington to parties in Oklahoma authorized by the legislature.

8. Passed a bill for the relief of Jesse F. Morrison, Arapahoe, Oklahoma Territory.

9. Bill donating the military reservation at Oklahoma City for school purposes. This reservation contains 160 acres and will be donated out of the school fund of that city over \$100,000.

10. Bill giving to the settlers of the Cherokee strip the privilege of making final proof in fourteen months.

11. Bill authorizing the Potawatomi Indians to sell their lands.

12. Passed a bill providing for a re-apportionment of the territory and allowing the Cherokee strip its representation.

13. Passed a bill paying the Iowa Indians \$24,000 in cash instead of agricultural implements.

14. Passed a bill authorizing fourth-class postmasters to administer oaths on pension vouchers.

15. Bill authorizing the Noble Bridge company to build a bridge across the Canadian river at Noble, Oklahoma Territory.

16. Bill authorizing the Purcell Bridge company to build a bridge across the Canadian river at Lexington, Oklahoma Territory.

17. Bill giving the territory of Oklahoma two more United States judges.

18. Bill extending certain laws, which are applicable to other parts of Oklahoma, over Beaver county, Oklahoma.

19. Bill granting local government to Greer county, and continuing in office the county officers that were elected by the people of that county.

20. Bill donating condemned cannon to McDowell Post, G. A. R., of Enid.

21. Bill granting right-of-way to Sapulpa, Chandler and Oklahoma railway. This bill was voted by President Cleveland in the Fifty-third congress, but again passed by the Fifty-fourth and is now a law.

22. Bill granting right-of-way of railway from Coffeyville via Stillwater, Guthrie and El Reno, to the Gulf.

23. Bill authorizing settlers on the Kickapoo lands to commute in fourteen months.

24. Bill granting pension to George W. Taylor.

25. Bill authorizing the cancellation of double Indian allotments, and right given settlers to homestead the same.

26. Bill making clerk of the United States court the register of deeds for Miami, Indian Territory.

27. Bill establishing a United States court at Purcell, Indian Territory.

28. Bill providing for the payment to parties who published lists of lands in Cheyenne and Arapahoe country.

29. Bill for the relief of Postmasters of Guthrie, Oklahoma and Kingfisher.

30. Bill providing for the opening of the Wichita lands.

31. Bill reducing United States land office fees in the interest of the settlers. This passed both houses and would have saved the settlers of Oklahoma \$100,000, but was vetoed by the president.

32. Bill incorporating the grand lodge of the A. F. & A. M., of the Indian Territory.

33. Bill providing for payment to certain deputy marshals who engaged in police duty during the year 1895.

## PASSED THE HOUSE.

Bills that have passed the house and are favorably reported in the senate:

1. The free homes bill. This bill passed the house the middle of March, 1896, over the protest of Hoke Smith, secretary of the interior. March 7, 1896, was read twice in the senate and was referred to the committee on public lands. April 20, 1896, the committee was discharged and the bill referred to the committee on Indian affairs. May 16, 1896, Senator Pettigrew, chairman of said committee, reported the bill to the senate with the recommendation that "the bill do pass," and under the rule it will be called up in the senate when it convenes next winter and passed.

2. Bill giving to settlers in Greer county 160 acres free and 160 acres at one dollar per acre, payable in five equal annual installments, without interest, and allowing residence to begin at date of settlement upon the land in making final proof.

3. Bill to establish United States land office in Greer county.

4. Bill granting Cleveland Bridge company of Pawnee county right to build bridge across Arkansas river at or near Cleveland, Oklahoma.

5. Bill providing for the opening of the Indian Territory.

6. Bill introduced and favorably reported on the house calendar and will pass this winter.

7. Bill donating Fort Supply reservation, consisting of \$250,000 in buildings

and 8,000 acres of land, to the territory for an Old Soldier's home. This bill was favorably reported by the committee on public lands, of which Mr. Flynn is a member.

2. Bill providing for the opening of the Kiowa and Comanche reservation.

3. Bill confirming title to lots sold by the school board to citizens of Shawnee.

4. Bill allowing all settlers who have taken less than 100 acres the right to make entry of no more than 100 acres to make entry on enough to fill out a complete homestead.

## FAVORABLY REPORTED.

The following bills affecting Oklahoma were favorably reported by the committee on Indian affairs, of which Mr. Flynn is a member:

1. Bill compelling the government to pay taxes on all allotted Indian lands. Oklahoma has over one million acres of land affected by this bill.

2. Bill permitting all Indians who are one-quarter blood, or less, the right to transfer their property without the sanction of the secretary of the interior.

3. Bill chartering the Muskogee, Oklahoma and Western railway from Muskogee, via Cleveland, Pawnee, Perry and Enid.

## IS WITHOUT PARALLEL.

Bill introduced on the house calendar providing for staked land; the donation to the territory of three sail reserves, situated in Western Oklahoma, and 1,500,000 acres of land in addition to sections 16, 36, 13 and 33.

In addition to this there are various pension and other bills introduced by Mr. Flynn, not here enumerated, which are now pending before the various committees.

We point with pride to this record—work of one, who, although without a vote in congress, has passed more public measures for Oklahoma than has ever been passed in the same length of time by any state delegation in congress.

Respectfully submitted,

W. M. GIMES, Chairman.

H. F. ARDERY, Secretary.

## Not Inviting More Collisions.

"No, sir," said the man who had wavered, "I won't learn to ride a bicycle. I had thoughts of trying it, but I have just heard of a peculiar test in the machine that caused me to change my mind."

"What's that?"

"I understand that when you first try to ride if you see anything you especially wish to avoid, you're almost certain to run into it."

"There's a great deal of truth in it."

"Well, that settles the wheel for me. I have enough trouble with bill collectors as it is."

—Washington Star.

## Blot by His Own, Etc.

"You look all broke up this morning. What is the matter?"

"You know I bought a folding bed because my wife's mother was to visit us."

"Yes?"

"She came last night."

"And?"

"My wife put me in the room with the folding bed."

—Truth.

## Ready for Anything.

Fair Patient—Is there no way of telling exactly what is the matter with me?

Dr. Emdee—Only a post-mortem examination would reveal that.

Fair Patient—Then, for heaven's sake, make one. I don't see why I should be squeamish at such a time as this.

—Pick-Me-Up.

## Her Response.

"There's one thing," remarked Willie Washington, "that I have made up my mind to."

"Really?" responded Miss Cayman, with languid interest.

"Yes, I shall never be a man of one idea."

"Don't say that. You are still too young to be discouraged."

—Washington Star.

## A Cruel Remark.

"When are you going to publish that criticism on my last novel?" asked an author of the editor of the Daily Hoosier.

"To tell the truth, I haven't read it yet."

"But you told me that you would lose no time in reading it."

"Well, that's just what I've done."

—Texas Sifter.

## His One Salvation.

After the young bride had read the list of names that he had turned to her young husband and asked: "Do you think, dear, that we are on the verge of financial revolution?"

With a weary look of care the young husband said: "How's your father's health?"

—Detroit Free Press.

## A Generous Physician.

Mrs. Binkers—Well, did you go to the doctor about that bee-sting on little Johnny?

Mr. Binkers—Yes. He said we should put mud on it. He charged me two dollars for the prescription, but he gave me the mud for nothing.—N. Y. Weekly.

## Perfectly Safe.

She—Did you tell Fibe of our engagement?

He—Yes.

She (aggrieved)—You promised that you would say nothing about it.

He—It's perfectly safe with Fibe; no one ever believes him.—Woonsocket Patriot.

## Long Feet Want.

He would be quickly rich and great and never have to beg.

Who could make for the candidate a patent rubber leg.

—Chicago Record.

## A BRIGHT SERVANT.

"Why, Bridget, where have you been in all this rain?"

"Sure, mum, an' I've been hangin' out the clothes to dry."

—Chicago Tribune.

## Pennyroyal Pills

Original and Only Genuine.

Small, round, white, and light, and are sold in boxes of 10 and 25.

Take one or two, before breakfast, and at night, before going to bed.

Do not eat, or drink, or use any other medicine, or any other food, or any other drink, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other result, or any other effect, or any other consequence, or any other condition, or any other circumstance, or any other thing, or any other person, or any other place, or any other time, or any other way, or any other means, or any other end, or any other purpose, or any other
